IDTC AGILITY WEEKEND

6th & 7th June 2026

Show Information

Welcome to the IDTC Agility Weekend!

The Show will open on both days at 8.30am with briefing at 9.00am. The first run will be at 9.30am on both days

Plenty of parking is available in the Friquet Garden Centre car park.

Food/refreshments/toilet facilities are available at Le Friquet Garden Centre.

We ask everyone involved to lend a hand to help with course re-builds between classes, putting poles up and down for different size classes and collecting leads and toys from competitors so that no-one needs to do a lot. Many hands really do make light work!

Dogs must be kept on a lead at all times except when in the ring taking part in the Show.

Due to the close proximity of neighbours to the Friquet Field and the risk of losing the venue, dogs that constantly bark (whether within or outside a vehicle) cannot be allowed at the venue. If your dog(s) cannot be quietened the IDTC reserves the right to ask you to remove them from the venue.

****DOGS IN CARS ON HOT DAYS****

Dogs are vulnerable and AT RISK if left in a vehicle in high temperatures and also on days considered as slightly warm. Please take care of your dog. If your dog is found to be at risk, forcible entry to your vehicle may be necessary without liability for any damage caused.

Please note that this is an independent show. Winning rounds will not count towards progression levels at any Guernsey Kennel Club, Jersey Kennel Club, UK Kennel Club or FCI Licensed shows.

Jumping

(Classes 6-10): involves only normal jumps, tunnels and weaves.

Steeplechase

(Classes 11-15): Involves only normal jumps and tunnels. Fast and flowing course.

Agility

(Classes 11-20) Involves all of the equipment e.g. dog walk, A frame, tunnels, jumps, weaves etc.

Tunnel Exchange:

(Classes 21-22) Involves 1 dog, 2 handlers. A course with tunnels, jumps and a handler exchange mid-run. One handler completes the first half of the course, ending by sending the dog into a tunnel. The 2nd Handler picks up the dog on the tunnel exit and completes the remainder of the course.

Have-a-go Classes:

(Classes 1-5 – Saturday only):

These Classes are intended to encourage less experienced handlers to try their hand in the ring with short sequences. Jumping and Steeplechase classes will be as above.

IDTC AGILITY WEEKEND

6th & 7th June 2026

Helter Skelter (Class 4)

This will involve only normal jumps and normal tunnels. The course has lots of twists and turns. It's a fun class!

Pairs: (Class 5)

Involves 2 handlers, and 2 dogs. Involves only normal jumps and tunnels. There will be a baton which must be held by the handler in the box and given to the other handler once they have completed their run.

All Have-a-go courses will be split into several, 3-6 obstacle sequences. Help will be available (should you require it) to hold your dog in a wait on the start line and you may encourage your dog around the sequences with a toy, and restart at each different section. No food will be allowed in the ring. Times will be added together for the various sequences to arrive at a time for the whole course. Poles can be taken away completely if preferred hence the "0" option on the entry form.

Standard Marking applies:

1. Refusal/Runout – 5 faults for each refusal/runout. If your dog refuses an obstacle/jump, it has to be completed before continuing rest of course.
2. Three refusals/runouts – elimination (with the exception of Pairs Have-a-go see class description)
3. Weave poles – the dog to enter the weave poles with the first pole adjacent to its left side. Each incorrect entry to be classed as a refusal – further error, maximum 5 faults – failure to complete correctly before negotiating any further obstacle, elimination.
4. Contact area – 5 faults for each failure to make contact; this will apply to the end of the A Frame and dogwalk, and the start and end of the See-saw
5. See-saw – must be touching the ground before the dog alights the obstacle. A dog is considered to have refused the obstacle if it leaves it before the pivot point.
6. A Frame – a dog is considered to have refused the obstacle if it alights before the down ramp.
7. Dog walk – a dog is considered to have refused the obstacle if it alights before the down ramp.
8. All other obstacles – 5 faults for failure to negotiate correctly.
9. Handler deliberately touching any piece of equipment or their dog – 5 faults.
10. Out of control – elimination.
11. Taking the wrong course – elimination (with the exception of Pairs – see course description).
12. Fouling in the ring – elimination.
13. Course time – at the judge's discretion.
14. Dog wearing incorrect style of collar – elimination. Flat collars only, D ring allowed but no tags.
15. Any double handling or deliberate assistance given to a competitor whilst competing from either inside or outside the ring will result in elimination.
16. Except for mobility aids, (and all Have-a-go Classes when toys may be used) nothing shall be carried in the hand whilst the dog is under test and food shall not be given to the dog whilst in the ring. Competitors are prohibited from wearing bags or leads whilst under test – elimination.

6th & 7th June 2026

17. Cumulative Marking/Time Faults – Time Faults will be added to faults from obstacles. Time faults are given when the dog fails to complete the course in the course time which the judge has set. A single fault or part thereof will be added for each second over the set time. Actual time will be recorded and rounding up or down will not be permitted.
18. Should the judge deem a re-run is required, any results and/or faults gained in the previous run must be discounted.
